

IN THE MATTER of the Sale & Supply of  
Alcohol Act 2012

AND

IN THE MATTER of an application by the ST  
PATRICK'S SCHOOL  
PARENTS & FRIENDS  
ASSOCIATION for an On Site  
Special Licence pursuant to  
s22 of the Act in respect of  
premises known as the St  
Patrick's School situated at  
57 Plynlimon Road,  
Christchurch.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairperson Mr R.J.Wilson JP  
Members Ms C. Robinson  
Mr D.Blackwell QSM

INTRODUCTION

[1] This is an application by the St Patrick's School Parents & Friends Association for an On Site Special Licence for premises known as St Patrick's School situated at 57 Plynlimon Road, Christchurch. The occasion is a School Fair Fundraiser to be held on 18<sup>th</sup> March 2018. This is an annual event and there have been no problems with similar events in the past.

[2] There has been no objection or wish to be heard expressed by members of the public and neither has the application been opposed by the Licensing Inspector or the NZ Police. The Medical Officer of Health has however reported in opposition. Such opposition does not necessarily require a public hearing to be held, s202 of

the Act providing that only public objections require this. The Committee may choose to decide the matter on the papers although s191(2) requires a full quorum of three members sitting. The Committee has given careful consideration to the matter and has decided that a public hearing is not necessary. We therefore proceed to determine the matter on the papers.

### THE OPPOSITION OF THE MEDICAL OFFICER OF HEALTH

[3] The Medical Officer of Health has consistently opposed applications for Special Licences for events such as this which he describes as “child focussed”. In 2014 we heard evidence presented on behalf of the Medical Officer of Health at a public hearing and in other applications considered on the papers since we have taken careful note of the arguments put forward. With respect to this application we have considered the recent research results to which he refers. We record that we respect the position of the Medical Officer of Health but equally with respect we have not been sufficiently moved by the evidence to refuse the application. The applicant appears to be catering for a wider group comprising school staff, parents and the general public with the intent of raising funds for the school. The proposed licensed area is aside from the main area of the fair and is unlikely to be a point of attraction for children. It is to be roped off from other areas of activity.

[4] The role of the Committee is to satisfy itself that the application before it meets the requirements of the Act. As we have said in previous decisions we do not set ourselves up as experts on the harm which might be caused to society generally or to the community directly or indirectly (s4(2)(b) refers) by the granting of the licence. We do however believe that we have to be satisfied that such harm is likely to or may well occur, or be contributed to, before we would refuse a responsible group of citizens a Special Licence under the Act. The consumption of alcohol in the presence of children is not illegal, indeed it is commonplace in other licensed venues. The applicants have shown themselves to be a responsible group of citizens who have run similar events without problem in the past. We are simply not satisfied that the arguments put forward by the Medical Officer of Health demonstrate that harm of the kind referred to in s4(2)(b) is likely or may well occur, or be contributed to, provided the applicants proceed within the law and abide by the conditions of the licence as imposed by

the Committee. We are satisfied that the granting of the licence would not be inconsistent with the Object of the Act.

[5] The application is granted pursuant to s104(1). The licence will be subject to the following conditions:

#### Compulsory Conditions

The following conditions are compulsory:

- (a) Alcohol may only be sold under the licence on the following day and during the following hours:  
Sunday 18<sup>th</sup> March 2018 between the hours of 11 am and 6 pm.
- (b) Drinking water will be freely available on the premises as specified in the application.
- (c)

#### Discretionary Conditions

The following discretionary conditions will apply:

- (a) The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory requirements on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
- (b) Food must be available for consumption on the premises as specified in the application.
- (c) Low alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (d) Non alcoholic beverages must be available for sale and supply on the premises as specified in the application.
- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (f) A copy of this licensee together with signs showing the age restriction must be clearly displayed.
- (g) Alcohol must only be sold, supplied and consumed within the area marked on the plan submitted with the application.

The licence is also subject to the following conditions which in the Committee's opinion are not inconsistent with the Act

- (a) Noise should be controlled so as not to disturb neighbouring residents.

The roped off lawn area as shown on the plan submitted with the application is designated a supervised area. In the event of wet weather the alternative bar site in the hall will not be designated.

The applicant has requested an exemption from the requirement in s213(1) that at least one duty manager be appointed. This is granted. Carolyn Moffat has been nominated as the person responsible to manage the conduct of the sale of alcohol.

Dated at Christchurch this 25<sup>th</sup> day of January 2018.
